

JAGADEESWAR REDDY VADDAMANI

Assistant Professor

[GitHub](#) | [LinkedIn](#) | [Portfolio](#) | [Email](#) | **Phone:** +91 6301448963 | **Location:** Kadapa, India

PROFESSIONAL SUMMARY

M.Tech graduate in Artificial Intelligence and Machine Learning with academic and research experience as an Assistant Professor. Skilled at explaining complex concepts, mentoring students, and driving AI/ML projects to publication. Contributor to research with a patent in AI applications, deep learning model development, and conference presentations.

EDUCATION

M.Tech (AIML) , IIIT RGUKT RK Valley	2025 CGPA: 8.6/10
B.Tech (CSE) , YSR Engineering College of YVU	2022 CGPA: 7.8/10
Diploma (CSE) , Loyola Polytechnic College (YSRR)	2019 Percentage: 88%
SSC , Swamy Vivekananda High School	2016 CGPA: 9.0/10

EXPERIENCE

- Assistant Professor, CSE (AI & ML)** – Annamacharya Institute of Technology & Sciences (Autonomous), Kadapa Aug 2025 – Present
 - Teaching AI and Machine Learning courses for undergraduates.
 - Guiding projects and assisting in departmental research initiatives.

CONFERENCE

National Level Conferences on Emerging Trends in Artificial Intelligence and Network Security

- Certificate of Presentation Santhiram Engineering College, Kurnool, A.P.
- ISBN: 978-1-2345-6789-0**
- Date: March 28, 2025**

PROJECTS

Fruit Classification using Transfer Learning (Python, TensorFlow/Keras, OpenCV) [GitHub](#)

- Built a deep learning model leveraging pre-trained CNNs like ResNet, VGG, and Inception for feature extraction.
- Optimized using data augmentation and fine-tuning to improve accuracy and reduce training time.

Speech Emotion Recognition using CNN

[GitHub](#)

- Developed a CNN-based model to classify speech emotions (Neutral, Happy, Angry, Sad, Fear, Disgust, Surprise) with 85% accuracy.
- Applied spectrograms, MFCC, ZCR for feature extraction.

Improving Medical Image Quality Using GANs

[GitHub](#)

- Developed a GAN-based model to enhance resolution and clarity of medical images, improving diagnostic accuracy.
- Implemented advanced architectures like ESRGAN and U-Net for super-resolution tasks.
- Presented at National Conference on Emerging Trends in AI and Network Security (2025).

PATENTS

- AI-Driven Synthetic Biology Designing Novel Organisms for Environmental Remediation** – The Patent Office Journal No. 34/2025, Application No. 202541074794A, Aug 22, 2025 (India)

FDP / WORKSHOPS

- FDP on **Advanced AI Applications in Research Paper Writing**, KSR College of Engineering, Tiruchengode (in association with Book Bytes), 27th April 2025.
- FDP on **Internet of Things**, B.E.T Sadathunnisa Degree College, Bangalore (in association with PencilBitz), 17th May 2025.
- FDP on **Understanding IPR: Research, Patents, Copyrights, Trademarks, and Scholarly Writing**, Malla Reddy College of Engineering, Telangana (in association with PencilBitz), 26th June 2025.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Machine Learning/Deep Learning:** TensorFlow, Keras, Scikit-learn, Pandas, NumPy
- **Data Science/Visualization:** Jupyter Notebook, Matplotlib, Seaborn, OpenCV
- **Databases:** MySQL, SQLite, PostgreSQL
- **Web Development:** React, REST APIs, HTML, CSS, jQuery
- **Version Control:** Git, GitHub

CERTIFICATES

- Computer Networks and Internet Protocol | **NPTEL** | **2022**
- Data Mining | **NPTEL** | **2022**
- Enhancing Soft Skills and Personality | **NPTEL** | **2022**
- Certificate of Appreciation – International Yoga Day | **RGUKT RK Valley** | **2025**
